LANCE LARKIN[®]

BREW EXPRESS[®]

10
CUP

MEET THE WORLD'S FIRST TRULY BUILT-IN-THE-WALL COFFEE SYSTEM

SELF-FILLING

ALL YOU ADD IS COFFEE
The Brew Express self-fills on command at the perfect temperature. You never need to add water.

"PAUSE & BREW"

The carafe can be safely removed while brewing. If you forget to replace the carafe, the Brew Express will shut off automatically.

ACCENT LIGHTING

The illuminating blue glow is an attractive addition to any room and helpful nightlight.

STAINLESS STEEL

THERMAL CARAFE
This is your go anywhere carafe that can keep your coffee warm and fresh tasting for hours.

ADJUSTABLE CUP SELECTOR

You decide how much or how little coffee you want to brew. Choose from single cup, half pot, and full pot selections.

MORE COUNTER SPACE

One of the most remarkable features about this coffee maker is what it doesn't do, take up space.

PROGRAMMABLE TIMER/CLOCK

You can program the Brew Express to brew coffee and hot beverages at any time of day

SINGLE CUP OPTION

By using the single cup brew basket (supplied) you can enjoy your favorite hot beverages such as coffee, tea or hot chocolate one cup at a time.

OPTIONAL CARAFE LOCK

The optional carafe lock (not included) is great for use with RV, Yachts, and makes the Brew Express child safe.

The revolutionary new design of the Brew Express blends style, performance and convenience to make brewing coffee and beverages a pleasure instead of a burden. The Brew Express installs into your wall and connects directly to your water supply. You will gain counter space and enjoy perfectly brewed coffee, all without spilling a drop of water.

BREW EXPRESS FITS IN YOUR WALL, FITS IN YOUR LIFE®.

EASY INSTALLATION-DO IT YOURSELF

INSTALLS INTO EXISTING OR NEW CONSTRUCTION IN 5 EASY STEPS

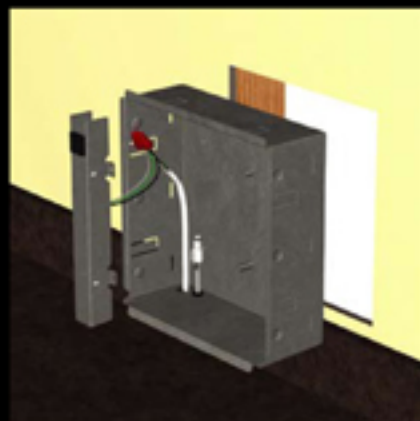

1 - Place the template where you want to locate your Brew Express and mark template pattern on the wall.

2 - With utility knife cut opening in wall.

3 - Route water line through cabinets from source (sink or ice maker line) and connect power to nearby outlet.

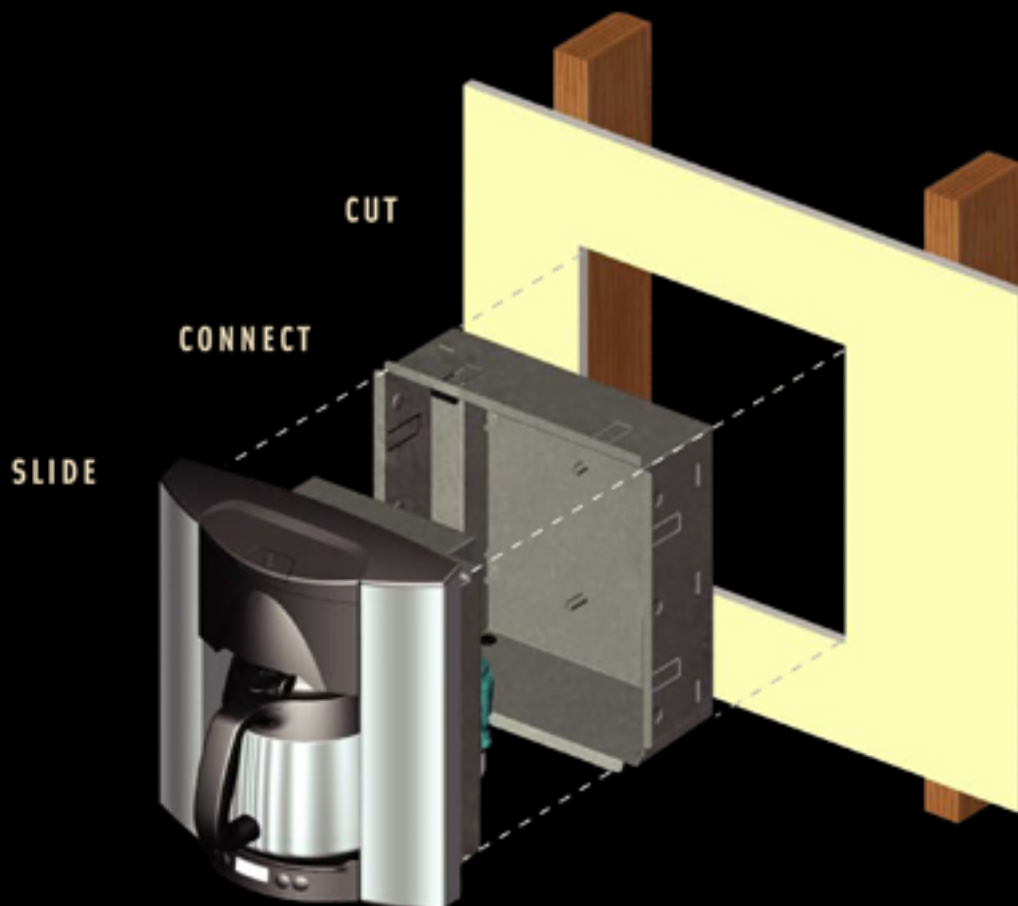

4 - Connect wires and install water connector. Slide mounting box into wall and secure to stud.

5 - Snap together water connectors and slide Brew Express into mounting box.

Enjoy using your Brew Express for coffee, tea, or any hot beverage.
