QUICKER BREW TIME - NO RECOVERY PERIOD

AUTOMATIC FILLING - HOT WATER ON DEMAND

VARIABLE CUP SIZE, CHOOSE FROM 8, 25 OR 50 OZ.

QUICK WATER CONNECTOR MAKES IT EASIER TO SERVICE

by LANCE LARKIN®

FEATURES

HOT WATER ON DEMAND: Continuous brewing with no recovery time issues. No wait time for the water to heat up.

SMALL SIZE AND PLEASING DESIGN: The Brew Express is only 12.25 w X 13.5 h X 7.5" d and comes in an attractive design that compliments any environment.

EASY SERVICEABLE WATER CONNECTION: Our quick connector makes it easier to service. Just the push of a button, no complicated water line to disconnect or water supply to turn "off".

AUTO-FILL: It's self-filling, so there is no more water mess!

RELIABLE: Designed to last for years. Tested over 18 thousand cycles and certified for commercial & residential use gives you long lasting reliability.

ENERGY EFFICIENT: No preheated water reservoir to keep warm, and no warmer plate to waste power means less cost to operate.

BUILT IN CLOCK & TIMER: Your coffee will be ready when you are.

BREWING OPTIONS: Choose to brew by the cup, half carafe or a full carafe for your favorite hot beverage.

ADJUSTABLE VOLUME OPTION: This feature allows you to increase your volume for each brewing option.

PAUSE AND BREW: No need to wait for the carafe to finish filling.

SAFETY FEATURES:

- The patented infrared carafe detect sensor prevents brewer from running without a cup or carafe present.
- Optional Carafe Lock is available for keeping the carafe in place. Great for child safety!
- No water detection provides an error code, and it won't damage the brewer.

CAPACITY: 1.5 liter (50 oz.) carafe, 25 oz. half carafe, or 8 oz. option.

QUICK BREW TIME: 6 minutes, 3 minutes, 70 seconds.

QUALITY COFFEE: Built to the coffee industry standards for proper brewing quality.
